

INT-AVT

The INT-AVT alarm acoustic verification panel supplements the INT-AV module. It is equipped with a speaker and a microphone which enable two-way voice communication between the monitoring station personnel and persons present in the protected site.

- two-way transmission of audio signals between the intercoms and the telephone line
- two-way communication activation button
- up to 4 INT-AVT panels may be connected to the INT-AV module

 Enclosure dimensions
 35 x 127 x 22 mm

 Weight
 42 g
