MLT-POD

The spacer is an accessory element which facilitates the installation of alarm systems. Its use increases the card read range if the device is installed on a surface with metal elements.

- increased card reading range when installed on surfaces with metal components
- compatible with **INT–SCR–BL**, **CZ–EMM3**, **CZ–EMM4**, **PK–01**, **ACCO–SCR–BG**

Dimensions   47 x 157,5 x 6 mm
