

SP-6500 R

The **SP-6500** is an outdoor siren with optical signalling which is fully compliant with EN50131 standards thanks to its protection technology against environmental hazards. Additional design features, like the hinged lid or built-in level facilitates its mounting.

- full compliance with EN 50131 Grade 2
- acoustic signalling: piezo
- optical signalling: LED
- inner metal shield
- tamper protection against:
 - removal from mounting
 - lid opening
- optional 12 V 2,3 Ah battery
- built-in level to facilitate aesthetic mounting

Supply voltage	12 V DC
Operating temperature range	-25°C ...+70°C
Standby mode current consumption	30 mA
Weight	1160 g
Maximum humidity	93±3%
Dimensions	230 x 230 x 65 mm
Environmental class according to EN50130-5	IV
Sound pressure level at 1m	up to 120 dB
Maximum current consumption (signaling)	150 mA
Maximum current consumption (signaling + battery recharging)	600 mA
